Hack Club Bank supports clubs, hackathons, and nonprofits...

"Hack Club Bank has been **invaluable** in the many clubs and events I've organized or helped out with... able to use raised money without going through hoops. "

Claire Wang, 17, Hack Club Leader

"I love the Hack Club Bank community because it **represents the good our generation has to offer.** Hack Club is a hub of unconventional, ambitious, and kind individuals: the perfect incubator for anyone striving to make the world a better place."

Robbie Khazan, 18, Nonprofit Founder

Hack Pennsylvania   **115** ATTENDEES   **$15k** BUDGET

"For me, Hack Club Bank unlocked organizing hackathons. Even after as a club leader, raising money seemed insurmountable. Bank directly enabled organizing events in my community with event bank accounts & a supportive community. I couldn't recommend it more highly."

Joy Liu
Lead Organizer

FIRST® Teams on Hack Club Bank

Killyabytez, FTC Team #14663

Needed a platform that:
- is **teen-friendly**: gives them direct access without relying on an adult intermediary (like their parents or school)
- is **accessible**: money can be immediately spent
- has **no upfront costs**

Through Hack Club Bank they were able to receive donatios and start spending through their Hack Club Bank cards.

" **Hack Club Bank has been essential to keeping track of our finances as well as giving us the opportunity to establish ourselves as a nonprofit.**

— *Brian, Killabytez organizer*

Poseidon Robotics, FTC Team #16898

Needed a platform that:
- was a **separate entity**: allows for smooth leadership transitions
- provided **nonprofit status**: to apply for grants and sponsorship opportunities

Through Hack Club Bank:
- In March 2022, they were able to deposit a $1000 grant into their account
- They were able to purchase items for their team and reimburse themselves in just a few steps
- They did not have to worry about accounting; all they did was upload their receipts
